The menu at Crew Collective & Café at 360 Rue Saint-Jacques in Montréal is a refined balance between artisanal craftsmanship and comfort food. Each item feels carefully curated to complement the café's elegant, historic setting. The **Pastries** display immediately catches the eye, offering buttery layers and delicate sweetness that pair beautifully with a **Coffee Latte** or a robust **Macchiato and Croissant** combination. For those seeking something savory, the **Smoked Salmon Bagel** and **Bagel with Smoked Salmon** stand out for their freshness and balanced flavors, featuring perfectly seasoned salmon over soft, chewy bagels.

Morning visitors often gravitate toward the **Breakfast Sandwich**, a warm, satisfying option that feels both simple and indulgent. The **Grilled Cheese Sandwich** adds a nostalgic comfort, elevated by quality cheese and crisp, golden bread. On the lighter side, **Toast 1** and **Scones** provide a pleasant accompaniment to a mid-day drink, especially the smooth **Coffee or Tea** selections the café is known for.

For beverage lovers, the menu shines through its variety. The **Hot Chocolate** is luxuriously rich without being overly sweet, a cozy treat for Montréal's colder days. Espresso enthusiasts will appreciate the depth of flavor in the **Espresso and Capuchino**, both crafted with precision and balance. Those looking for a unique twist will find the **Lavender London Fog** a delightful surprise-fragrant, soothing, and elegantly floral.

Altogether, the menu at Crew Collective & Café successfully blends sophistication with approachability. Each dish and drink feels intentional, crafted to elevate the café experience while staying true to its warm, communal spirit.
