The menu at **Tacos Chava** offers a delicious and diverse selection of tacos that showcase the rich flavors of Guadalajara. One of the highlights is the **Tacos de Bistec y Chorizo**, combining tender beef and flavorful chorizo in a perfect balance. For those who enjoy a more adventurous option, the **Tacos de Lengua** (beef tongue) and **Tacos de Sesos** (brain tacos) are sure to provide a unique taste experience. The **Gringa de Pastor** is another popular choice, with its layers of marinated pork, cheese, and tortillas, making it a true indulgence.

If you're craving something classic, **Tacos de Pastor** and **Tacos de Carnaza** are excellent choices that never disappoint. The **Tacos de Suadero** offer a tender, slow-cooked beef filling that's paired wonderfully with the

restaurant's selection of homemade salsas, like the zesty **Salsa Verde** and rich **Salsa Roja**.

The **Tacos Diferentes** and **Tacos de Varios** give you the opportunity to try a mix of flavors, combining different meats in one order. For a hearty meal, the **Tacos al Pastor y de Bistec con Chorizo** is a filling option that doesn't compromise on flavor. Those looking for variety will appreciate the **El Comal y Las Salsas**, where you can enjoy tacos with an array of salsas to customize the heat and taste to your liking.

Whether you prefer something traditional or want to try something new, **Tacos Chava** has something for every palate, with their **Orden Tacos** being an ideal choice for taco lovers who want to sample a little bit of everything.
