When you walk into **Matty’s Patty’s** at 923a Queen St W, Toronto, you can immediately sense that this spot isn’t your average burger joint-it’s a love letter to the classic cheeseburger, reimagined with bold Canadian flair and chef-level precision. The **Matty’s Patty’s Menu** is short, confident, and carefully crafted, the kind that tells you every item has earned its place. It’s a menu that understands simplicity, but executes it with soul.

The star of the show, of course, is the **Matty’s Burger**. This beauty is all about balance-the kind of smash burger that delivers crispy, golden edges and a juicy center with every bite. The patty itself is seasoned perfectly, the beef rich and flavorful, while the signature 2 Oz Sauce ties it all together. It’s creamy, tangy, and slightly smoky, adding just the right amount of punch without overpowering the meat. Everything comes together in a soft potato bun that holds it all without getting soggy, proving that **Matty’s** team knows the small details are what make a burger memorable.

For those who crave something plant-based without compromising on taste, the **Impossible Cheeseburger** is a true standout. It mirrors the experience of the original **Matty’s** burger but swaps the beef for the famed Impossible patty. The result? A juicy, flavorful burger that satisfies both vegetarians and meat lovers alike. The patty’s texture has that satisfying bite, and when paired with melted cheese, crisp lettuce, and the signature sauce, it’s a convincing alternative that doesn’t feel like a compromise at all.

No great burger is complete without fries, and **Matty’s Patty’s** takes this side seriously. Their **2 Oz Sauce Fries** are a must-order-the fries themselves are perfectly golden, crispy on the outside and fluffy on the inside. They’re generously drizzled with that addictive house sauce, transforming a classic side into something special. It’s the kind of dish that makes you want to sneak one last fry long after you’ve finished your burger.

If you're looking to kick things up a notch, add a few slices of **Thick Cut Bacon**. This is not your standard bacon—it's smoky, meaty, and slightly sweet, with a crunch that complements the juicy patty perfectly. Layered into a burger, it adds a deep, savory note that amplifies everything else on the plate.

What makes the **Matty's Patty's Menu** shine is how curated it feels. There's no overcomplicated list of toppings or gimmicks, just a handful of perfected items that deliver on flavor every time. Each ingredient feels intentional—the cheese melts just right, the buns are always toasted to golden perfection, and the balance between sauce, meat, and texture is spot-on.

Beyond the food, what elevates the experience at Matty's Patty's is the atmosphere. The space captures the spirit of Toronto's Queen Street West—laid-back but full of energy, a mix of creativity and comfort. You can grab your burger to go, or stay and soak up the vibe with locals who know they've found a gem.

Whether you're a burger purist or a curious foodie hunting for the best bite in Toronto, the **Matty's Patty's Menu** delivers in every way. It's crave-worthy, approachable, and full of personality—just like the city it calls home. From the first bite of the Matty's classic to the last fry dipped in 2 Oz Sauce, every detail reflects a passion for doing burgers right.

In a neighborhood full of trendy spots, Matty's Patty's stands out not because it tries to reinvent the wheel, but because it perfects it. The menu is proof that when you focus on quality, simplicity, and heart, you don't need fifty options—just a few unforgettable ones done exceptionally well.
